

Boasting the largest aquatic exercise and swim zone available today, the PowerPool Pro is the choice for serious athletes and large families. The enhanced size of the Pro model allows several people to use the PowerPool at the same time, making it the perfect place for group exercise activities and family or social gatherings.

The specially designed spectator seats at the entrance of the PowerPool Pro provide the ideal location for observing and coaching swimmers and aquatic athletes, or just keeping an eye on the family while taking in the soothing effects of finely tuned hydrotherapy jets. Swim, jog, aquacise, or simply chill-out and lounge around; PowerPool Pro, because you deserve the very best.
